The products listed on the present certificate can be marketed with the reference to the EFT certification only if they are associated to a valid organic certificate, unless exemption provided part 2.1.2 of the standards. The operator will have to notify immediately ECOCERT in case of any sanction coming from its organic certification body preventing the organic sale of one or several of these products.

Any reference to the fair trade nature of the product must respect the requirements defined in ECOCERT's Rules for Identification.

This document does not cover goods transactions. If applicable, goods must accompanied by a transaction certificate. The operator has the right to use this certificate and the transaction certificate according to the contract rules and to the instructions he has been given.
